Site Imagery Pack

Four nadir tiles tasked over the selected London multifamily. Footage is demonstration-grade aerial loops (Pexels, transcoded 720p) standing in for a VHR strip.

Tile Z-N	North courtyard	/videos/zone-a.mp4	Pexels 31210490
Tile Z-E	East street grid	/videos/zone-b.mp4	Pexels 31061104
Tile Z-W	West terrace	/videos/zone-c.mp4	Pexels 5597032
Tile Z-S	South car park	/videos/zone-d.mp4	Pexels 36721611

VLM overlay classes: house (gold), car (cyan), person (signal red).
House footprints are stable (detector + heuristic). Cars and people are tracked per frame with interpolation.

This pack is timestamped to the collection. It is not seller marketing imagery. Revisit windows: next SSO morning pass + weekend evening.
